Mathematics 766-4221

Prompt, accurate and personalized academic advising is a top priority at the University of Wyoming. If you need advising assistance or have advising concerns, please contact: Advising Coordinator John Spittler (766-4205).

An asterisk (*) following the course reference number (CRN) indicates controlled enrollment. You must contact the appropriate academic department to obtain permission to register for the course and for professor/section choice.

The Math Department checks prerequisites on most 1000 and 2000-level courses approximately two weeks prior to the beginning of each semester. Students without an appropriate prerequisite will be administratively dropped from their math course. After the prerequisite check, most 0900, 1000, and 2000-level courses will be under controlled enrollment. Students will be unable to register for these courses through WyoWeb and should use the online registration request form found at <http://math.uwyo.edu> to have prerequisites checked and get enrolled in a math course. Department staff will help students who were dropped from a math class enroll in an alternative math course. The Math Department makes every effort to accommodate all students wanting to get into a math course. Due to the volume of students the department serves, all phone inquiries cannot necessarily be answered. If students are calling from off-campus, messages can be left at 307-766-6557. PLEASE SEE THE FRONT SECTION OF THE SCHEDULE FOR INFORMATION ON MATH PLACEMENT.

All sections of MATH 1100 and 1105 are coordinated with EDEL 1410 and 1420 sections.

EDEL 1410 and 1420 sections will meet alternate Wednesdays and Thursdays for a two-hour period throughout the semester.

This is coordinated with the time for the corresponding 1100 and 1105 section to avoid conflict.
