

University of Wyoming 2008 Consumer Issues Conference

CERTIFICATE OF COMPLETION

(Up to 11 hours are available during this conference)

Continuing Professional Competency (CPC) is required by many states in order to maintain **Professional Engineering (PE)** or **American Institute of Architects (AIA)** membership status. Participation in this conference may qualify as continuing education (CPC) or Mandatory Continuing Education (MCE) in certain jurisdictions that accept self-study in that:

- Conference focus on energy and telecommunications is relevant to the profession of engineering, and includes technical, ethical, and managerial content.
- The content of sessions are well organized and documented (See: <http://www.uwyo.edu/consumerconference/>)
- The speakers are well-qualified experts in their fields.
- The record of attendance is verifiable by the possession of this certificate and by the Registration records.

Therefore, _____ shall be credited, under the above criteria, with _____ hours of direct contact professional competency.

Signed: _____
(Planning Committee Officer or Registration Staff) *(Date)*
