

2005 ABSTRACTS

- Kutzler, M.A., R.A. Ehrhardt, Y.R. Boisclair, K.A. Vonnahme, P.W. Nathanielsz and S.P. Ford. 2005. Effect of undernutrition on adipose leptin (ob) mRNA expression in pregnant sheep. Proceedings, Society for Gynecologic Investigation, Los Angeles, CA (Abstract # 612)
- Kutzler, M.A., B.V. Stang, R.M. Ehrhardt, K.A. Vonnahme, P.W. Nathanielsz and S.P. Ford. 2005. Effect of undernutrition and re-alimentation on glucose metabolism in pregnant sheep. Proceedings, Society for Gynecologic Investigation, Los Angeles, CA (Abstract # 611)
- Kutzler, M.A., B.V. Stang, K.A. Vonnahme, P.W. Nathanielsz and S.P. Ford. 2005. Immunolocalization of pancreatic leptin in pregnant sheep. Proceedings, Society for Gynecologic Investigation, Los Angeles, CA (Abstract # 613)
- Kutzler, M.A., B.V. Stang, R.M. Ehrhardt, Y.R. Boisclair, S.V. Lamb, K.A. Vonnahme, P.W. Nathanielsz and S.P. Ford. 2005. Effect of undernutrition on glucose, insulin and leptin concentrations in pregnant sheep. Proceedings, Society for Gynecologic Investigation, Los Angeles, CA (Abstract # 610)
- Ford, S.P., B.E. Burt, B.W. Hess, M. Du, P.W. Nathanielsz and M.J. Nijland. 2005. Effects of early maternal undernutrition and realimentation on kidney development in the bovine fetus. Proceedings, Society for Gynecologic Investigation, Los Angeles, CA (Abstract # 96)
- Burt, B.E., B.W. Hess, P.W. Nathanielsz, M.J. Nijland and S.P. Ford. 2005. Impact of multi-generational selection on insulin resistance in offspring of undernourished ewes. Proceedings, Society for Gynecologic Investigation, Los Angeles, CA (Abstract # 607)
- Han, H., K.J. Austin, S.P. Ford, P.W. Nathanielsz and T.R. Hansen. 2005. Down-regulation of ovine fetal heart genes by maternal nutrient restriction during the first half of gestation. Proceedings, Society for Gynecologic Investigation, Los Angeles, CA (Abstract # 98)
- Vonnahme, K., L. Reynolds, P. Borowicz, D. Miller, B. Caton, B. Hess, and S. Ford. 2005. Effect of maternal undernutrition on capillary vascularity of the bovine placentome. Proceedings Joint Annual Meeting of American Dairy Science Association, American Society of Animal Science, and Canadian Society of Animal Science, Cincinnati, Ohio (Abstract #300)
- Ford, S., C. Sanders, K. Vonnahme, and B. Hess. 2005. Effects of early gestational undernutrition in the cow on fetal growth and placentomal composition. Proceedings Joint Annual Meeting of American Dairy Science Association, American Society of Animal Science, and Canadian Society of Animal Science, Cincinnati, Ohio (Abstract #W155)

- Wu, G., W. Shi, T. Spencer, B. Hess, P. Nathanielsz, and S. Ford. 2005. Production system under which ewes are selected alters nutrient availability to the fetus in response to early pregnancy undernutrition. Proceedings Joint Annual Meeting of American Dairy Science Association, American Society of Animal Science, and Canadian Society of Animal Science, Cincinnati, Ohio (Abstract #W156)
- Ford, S., M. Du, B. Hess, and P. Nathanielsz. 2005. Pre-gestational ewe management systems alter the impacts of early maternal undernutrition on fetal growth and offspring quality. Proceedings Joint Annual Meeting of American Dairy Science Association, American Society of Animal Science, and Canadian Society of Animal Science, Cincinnati, Ohio (Abstract #606)
- Du, M., M.J. Zhu, G.A. Olson, B.W. Hess, W.J. Means, and S.P. Ford. 2005. Nutrient restriction in cows alters the number and volume of fetal myofibers. Proceedings Joint Annual Meeting of American Dairy Science Association, American Society of Animal Science, and Canadian Society of Animal Science, Cincinnati, Ohio (Abstract #684)
